

# Newbieshub

The Beginner-Friendly Freelancing Marketplace

A laptop screen is shown in the background, displaying a line graph with a blue line and a pie chart. The screen is partially obscured by a dark overlay. The text is written in white, bold, sans-serif font.

**Mission statement:**  
Providing freelance  
work to beginners and  
people with real skills

# The problem

1. Unemployment increasing, people try to freelance, but nobody hires a beginner (somebody who doesn't have reviews).
2. Freelancing platforms exist, but entry barrier for beginners, oversaturated, high competition.

A close-up photograph of a person's hands using a stylus to draw on a tablet. The background is blurred, showing some bokeh lights. The text 'The solution' is overlaid in white on the left side of the image.

# The solution

A Beginner Friendly  
Freelancing Marketplace

# Team Members and Contribution:

1. Samir Boro (1801153): Backend of the Software
2. Samidha Singh (1801152): Frontend of the Software + all documentation work
3. Shivang Mishra (1801167): Database and Chat system of the Software

# A person can use the platform for both, hiring and working as a freelancer

## No Default Payment Module

We tried to implement default secure payment module but there is no way to implement this without a machine account & no One of us want to compromise our existing bank accounts for this service. Will integrate this feature in upcoming days.Now just use our custom payment method. Thank you.
